GUEST SPEAKER

**Liz Fernandez, DVM, CVA**

*Acupuncture For Pets*

Well respected within the Veterinary Community, Dr. Liz Fernandez has been practicing Small Animal and Emergency Veterinary Medicine for almost 24 years. She is a 1982 graduate of UC Davis School of Veterinary Medicine.

Several years ago she experienced first hand the power of Chinese Medicine. Emerging from a serious injury totally healed she vowed to share this profound ancient wisdom with her clients and patients.

Dr. Liz has completed over 500 hours of instruction in Chinese Veterinary Medicine through the Chi Institute in Reddick, Florida. Currently she is certified in Veterinary Acupuncture, Herbology and Tui-Na (the Chinese equivalent of physical therapy, chiropractic and massage). She has also studied Tai Qi, Qi Gong, and Chinese Food Therapy. In addition to her studies in Chinese medicine Dr. Liz has over 200 hours of training in facilitating workshops, public speaking, and accelerated learning techniques. Her workshop design is a reflection of this training.

Dr. Liz personal mission statement is: **EMPOWERING ALL BEINGS TO OPEN TO AND ENGAGE THEIR INATE HEALING ABILITIES.** She believes that, as animal companion guardians, we are the **PRIMARY HEALTHCARE PROVIDERS.** Her commitment is to share the Ancient Wisdom of Chinese Medicine to enable each of us to be as effective in this role as possible. She has given workshops locally over the past 3 years and has also had the opportunity to share these concepts internationally, including China.

Dr. Liz understands that every being is a sacred expression of LOVE. This love is the essence of ALL HEALING. She is passionate about sharing how the power of Chinese Medicine can help us open our hearts to this truth and heal our pets, our planet, and ourselves.
